

# Robin Park Social Impact Report

Date: March 2026

Alliance Leisure

Bar & Office Kitchen Refurb/Install

October 2025

12 Weeks

As part of our commitment to delivering social value, our team has contributed time, skills and materials to support two community organisations local to the project. The activities below reflect our in-kind donations to the local community, alongside our commitment to local economic investment through supply chain spend.

### Social Value at a Glance (2022 TOM's)

Ref	Beneficiary	Social Value Activity	Value	Status
NT28	Wigan Youth Zone	In-kind donation — labour & materials (refurbishment)	£2,200	✓ Done
NT28	Norwood Adventure Playgroup	In-kind donation — labour & materials (gazebo)	£2,500	Planned
NT18	Local Supply Chain	Local spend & supplier engagement	£213,755.21	✓ Done
<b>TOTAL SV delivered</b>			<b>£218,455.21</b>	
<b>% of contract value</b>			<b>39%</b>	

### NT28 | In-Kind Donation — Wigan Youth Zone

About Wigan Youth Zone: Wigan Youth Zone is a state-of-the-art facility offering young people aged 8-19 a safe, fun and inspiring place to spend their time. It provides activities from sport and arts to mentoring and employability support, giving young people the confidence and skills to thrive.

#### What we delivered

In December, we attended Wigan Youth Zone to carry out refurbishment works to the kitchen and cafeteria areas. We removed the existing loose wall tiling and installed hygienic Whiterock wall protection throughout, including to the seating area in the cafeteria, giving the spaces a clean, durable and professional finish.

We returned in February to prepare and paint the corridors, leaving the facility feeling fresh, bright and welcoming for the young people who use it every day.

Tiling removal	2 operatives on site	£600
Corridor decoration	3 days labour & paint	£800
Total in-kind donation	~6 man days + 3 management visits	£2,200

## NT28 | In-Kind Donation — Norwood Adventure Playgroup

About Norwood Adventure Playgroup: Norwood Adventure Playgroup provides outdoor play and learning experiences for young children, encouraging creativity and physical activity in a natural, imaginative environment. Our contribution will help extend their outdoor provision for the children they support.

### What we're donating

We are designing and building a hexagonal timber-framed gazebo with a pitched roof and centre opening — providing a sheltered outdoor space for the children to enjoy year-round.

- Fabricate and install a hexagonal timber frame with roof
- Lay foundations and carry out full installation
- Access equipment provided throughout

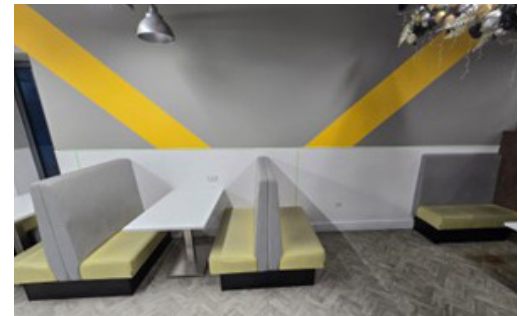

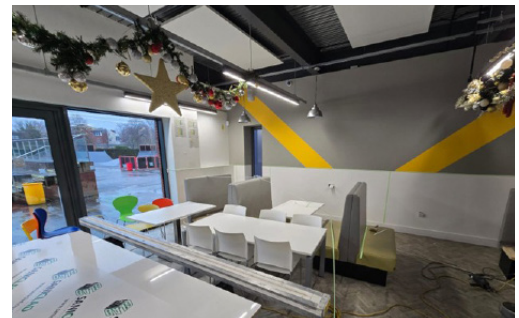

Resource: 1 joiner for approximately 1 week; 2 operatives for 2 days on foundations and installation.

Value of in-kind donation: £2,500 covering all labour, materials and access equipment.

Status: Planned — works to be delivered in due course.

## NT2 | Local Supply Chain Spend

We are committed to understanding and reporting on the local economic value generated through this project, including spend with suppliers, subcontractors and businesses within the local area.
